**Skills**

- Conflict resolution
- Adaptability
- Critical thinking
- Decision-making
- Problem-solving
- Relationship building

Hi everyone, my name is Adelyn Arnold. I am so excited to be running for area office this year. I have been involved in FFA for four years and really enjoy learning new things. I believe I would be a fantastic candidate for Area office because I believe in the future of agriculture. Just like plants, our organization grows every day and I want to be the one to cultivate it. A few goals that I have are to ensure that every member in our area receives the highest quality FFA experience possible as they are served by our team, to encourage inclusivity of all districts in our area, and motivate our area to adopt a winning mentality that matches our slogan “Winning 24/7, Area XI”. I plan to accomplish these goals with your help. Consider me Adelyn Arnold for 2023-2024 Area president.
