| ○ Fayettevilleisd Cross Country | 2019-2022 |
| ○ Fayettevilleisd Golf | 2022, 2023 |

We only get out of life what we put into it. I believe the same holds true with FFA.

I believe that we are all capable of achieving greatness, and lucky for us, we have FFA to grow our impact. Whether it's through LDEs, CDEs, SAEs, or the family you've grown along the way, the possibilities are endless.

If I had any regret from my FFA experience, it would be not getting involved much sooner to have had the opportunity to participate even more. Therefore, my advice to you is to take advantage of every opportunity that comes your way. Push yourself outside of your comfort zone and learn from your mistakes. I believe that success isn't measured by the accomplishments one has achieved, the medals hanging on a wall, or the number of buckles you won at Houston, but rather the people you inspired along the way.

I feel humbled to be running for an Area Office, and I hope to serve as an inspiration to each of you. FFA is more than just an organization that you join to "beef" up your college resume, it's the community, the fellowship, and the eventual family you build along the way. As your Area President, I look forward to helping each and every one of you find your FFA family.

Thank you for your consideration and I look forward to your vote!
