**“If you push through that feeling of being scared, that feeling of taking a risk, really amazing things can happen.”**

**-Marrisa Mayer**

Living in an ever changing world, it is easy to feel confined to normalcy and afraid to step out of the box and try something new. Setting clearly defined goals will give purpose and a clear sense of direction.

During the past two years, many have been forced to set new goals, take risks and make life changing decisions in order to survive. The FFA has adapted to the word and changed the norm with online meetings and contests to so much more. As members, advocates, agriculturalists for this organization we must set the bar high.

We have what it takes, Area XI let's be bold enough to step out of the box and set goals that will allow us to achieve greatness!

I, Gussie Armatys hope to serve you as an Area XI officer this year. Together and with the mind set of setting these goals and taking the risks, I have no doubt we can make this an unforgettable year!

Gussie Armatys
