Skills and qualities

- Humble
- Team Player
- Calm Natured
- Easy to work with
- Confident in my ability to lead
- Skilled in effective communication

Howdy Area XI Association!

My name is Jakob Sansom and I am running for an Area Officer position and come to you from the Bluebonnet District and Brenham FFA Chapter. FFA is a very special organization that can open doors to anything you have an interest in. It's not just about showing animals or being a farmer. It grows leaders and develops exceptional speaking skills. Not only that but it also allows you to become more social! I myself was very shy during my first years of agriculture education, but as time went on I found my social skills and have accomplished more than I have ever dreamed of. As an Area XI Officer I hope to help each of you find your niche and voice in FFA!
