Association) (2021)

Traits:

Hardworking
Responsible
Knowledgeable
Active Listener
Kind-Hearted

Howdy Area 11 members! My name is Carson Webb. I am proudly representing the Bluebonnet district and Waller FFA chapter. I am a student at Waller High School and have grown up in Waller my whole life. I have participated in everything from theatre to cheer and from model UN to Jr. Fairboard, but most of all I have a love for the FFA and I hope that I can help you find your love for it too, I am a shy person and that used to mean I lacked confidence too, but the FFA has shown me how to remain true to myself while becoming confident. My goal is to listen to members who might be scared to use their voice and help to amplify it. I was once a scared and timid member but thanks to the area officers my freshman year I am now able to confidently run for this position myself. Every member in this organization has a voice and my goal is to make sure each member can be heard. I will advocate for agriculture and be an example of the possibilities the FFA holds. I have done CDEs, LDEs, and SAEs and each event has molded me into an FFA member who wants make sure every member has the same opportunities available to me and more.
