Hey Area XII!!!

Can you believe that it is already time to elect a new officer team? Time certainly moves by super-fast, so it is imperative that we all live in the moment and look to the future.

My name is Hailey Peters from the El Campo FFA chapter and the Gulf Coast District. I am looking forward to the opportunity to serve you as an area officer for the upcoming year.

If you would have told me 2 years ago that I would be running to be a part of the next “winning 24/7 Area XI” officer team I would have called you crazy! Except along the way there were people who encouraged me to chase my dreams and to have self confidence in running for an area officer position.

Area XI there is hope for this generation of FFA members to have self-confidence and change that stereotype of what the heart of the FFA truly is. We are a strong group of individuals that can conquer anything that is thrown our way. Live in the moment as we chase our goals in this area. Area XI do not hold back on dreaming big because the sky's the limit. Remember you are loved by all the people here today, so never give up on reaching for success. When we come together as Area XI we will be unstoppable, and can do anything we set our mind to, nothing is too far out of reach for this winning area.

My fellow FFA members, I know that together we will prove that the Area XI is always winning because there is a passion for the blue and gold growing deep inside of you and me!

Hailey Peters
